The cheapest is not always the best; in fact it rarely is so but the best is usually the cheapest in the long run. When comparing our prices with other houses' bear in mind that we do not claim to quote the cheapest goods, but we do quote the best quality at lowest figures. Rainier Masonic lodge room witnessed a very pleasant gathering last Sunday night, when work was conferred in the entered apprentice degree. Masons were present from Astoria, Mayger, St. Helens, Clatskanie and Cathlamet. Junior Warden Fred Pluhner acted as Master, and conducted the work in a very creditable manner. After lodge closed a lunch was partaken of at the Palace hotel, Bruce Polworth, W. M., occupying the head of the table and proving himself to be a doughty trencherman.

Among the educational institutions of Columbia county none is better deserving of favorable mention than the Rainier public school. A recent visit on invitation of one of the directors occupied a very pleasant hour. From the primary to the eighth grade there appeared to be a spirit of helpfulness on the part of the teacher, and on the part of the pupils a decided interest in their work and a desire to make the most of their opportunities. These are, of course, the essentials for a good school, and as the Rainier school possesses them the result must be gratifying to the community as well as to Prof. Wilkinson and his corps of teachers. While all the work was good the primary class in language and the eighth grade in history were especially entertaining to us, the history examination showing that the pupils were fully up to their age in both the history of the books and the current history of the country.

Funny, isn't it, how hard kids will work and imagine it play? And when they are grown, if their lines fall in the right places, they play with less vigor at some trading occupation, and make no mistake when they call it "work." H. Morgus had all the kids in town eagerly assisting in transporting the small articles of his stock from his old store to the new Wednesday afternoon, for which they were amply paid in confectionery.

**JOHN R. WATTS.**

The Passing of an Honored and Well-Loved Pioneer.

John Ralph Watts was born of Scotch-German parentage in Clarksville, Pike Co., Mo., Aug. 20, 1820, and died at his home at Seaside, Ore., April 16, 1905, aged 74 years.

At the age of 22 years he joined his uncle, William Watts, and family, and crossed the plains to Oregon, in 1855, and soon after arriving located in Columbia county, where he has resided continuously, excepting a short visit to the Idaho mines.

He devoted most of his life to farming and stock-raising, and later to lumbering, being the owner of the old "Watts' Sawmill," so well known to all old-time residents of the county.

Being of an energetic and frugal disposition he acquired a good home at Seaside, where he has resided for over half a century, and where he had endeared himself to all those coming under his influence.

His kindly, gentle character and amiable disposition was always a source of comfort to his family and friends.

In 1873 he was united in marriage to Mrs. E. M. Watts, and in 1891 he was stricken with paralysis, which rendered him almost helpless for the past 14 years, but at no time did a word of complaint escape his lips. He at all times maintained that patient and hopeful disposition characteristic of his whole life. He was affiliated with the Congregational church, and in many ways he was a splendid example of citizenship, a kindly husband and father and generous to all who knew him.

He is survived by his wife and three children, Mrs. N. A. Perry, of Houlton, Misses Marie and Maud Watts, and three stepchildren, J. G. Watts, W. T. Watts and Mrs. D. W. Price, all of Seaside, and a sister in St. Louis, Mo.

All that was mortal of a good man and citizen was borne to the last resting place in Fairview cemetery, April 18, 1905.

All ladies are asked to bring baskets with lunch for two, and to wear an apron to match the cap. There will be a good program, consisting of music, songs, recitations, etc. Those on committee of entertainment are: Mrs. Wm. Reed, Mrs. Ida Smith and Miss C. E. Pomeroy. Mrs. Symmons, Mrs. Sherrin and Mrs. Clark are on the general committee.

Rice's horse ran away Monday afternoon, breaking the harness and wagon.

The "spring opening and entertainment" last Saturday evening proved to be a very enjoyable and successful feature of the season. Before a hall packed to the doors the school children gave very nice recitations and songs. Among those who recited were Lewis Newsum, Ida Cornell, and Master Alfred. Four-year-old Dorothy James started off bravely on a very pretty recitation, but the crowd evidently confused her, for she soon burst into tears, crying, "I don't want to, m-a-a-m-a." Whereupon "mamma" took her away, much to the amusement of the audience. Later in the evening she made a second attempt, but her heart was hardened, she would have none of them. A very pretty tableau was acted, in which Rev. Alfred, a young girl and a young man appeared under the beautiful glare of a red light. Little Francis Sheerin, dressed as a pica-nancy, sang very prettily. Miss Marie Smith and Miss Lillie Crosby sang a very pretty duet and received an encore. Mrs. Alfred gave a heart-stirring address in which she thanked the teachers for their excellent work in training the school children, thanked those present for coming, and invited all to spend the following hour in a good old-fashioned view. A fine display of handkerchiefs, aprons, spring bonnets, etc., were put up for sale, and disappeared from view as they were rapidly sold. Home-made candies of excellent qualities and delicious ice cream were sold in abundance, and a real good old time enjoyed by all. About \$50 was cleared, much to the credit of the ladies, who all did a good share of their work to make the fair the success it was.

Ira Newsum went to Portland Friday, on a three-days' visit, after having worked hard with the examinations. All the eighth graders, in fact, needed a rest, their eight examinations having been crowded on them in two days. Much too short a time for such a great amount of work.

Mrs. Audrey Kapple paid a three days' visit to her sister in Astoria.

Last week, while working on a gasoline engine, Ed Joseph was injured about the face and eyes, the result of an explosion.

Miss Margaret McLaren spent two days in Portland last week.

Monday afternoon Mrs. R. A. James saw a little baby on the dock, aimlessly making for the river. She rescued it, however, but was unable for a long time to find out to whom it belonged. Later, however, the child was identified by a

searching party, which had been hunting for her for some time. She proved to be the child of Rev. Alfred, of the M. E. church, who is exceedingly grateful to Mrs. James for rescuing his child from possible danger.

Mrs. Julia Reed, with her little child, is visiting her mother, Mrs. Low.

Mrs. Schuensen's mother came from Sweden last week, to spend the remainder of her life with her daughter.

L. Swett has another addition to his already spacious building. He has rented the left-hand adjoining room, which will be made to open into the store. The new place will be taken up by Mrs. Swett as a millinery department, after all improvements are finished.

Miss Virgie Prichard is teaching school at Kayser.

Miss Mary Williams is now over the worst part of her long illness, and is reported slowly gaining her strength.
